

## **Wesleyan Academe News 2020 September**

**Dear Wesleyan Parents,**

**Thank you for a wonderful start of school! The students are adjusting well to their classes. During this time, the teachers and staff are adjusting to a new way to teach in the classroom. We all are learning together!**

**Thank you for your patience at arrival time in the morning. I am excited to see all the students into the routine of the temperature check and then go with our teachers to go into the classroom. We are cleaning the common areas and classrooms throughout the day so that we have a clean school environment.**

**We cannot meet together for Chapel, but each teacher has a special Bible and Music time in their class. Each day we are thankful for our wonderful teachers who love to teach your precious children.**

**Please let us know if you have any questions about our daily policies and procedures. We appreciate our Wesleyan Parents!**

**Blessings**

**Janet Manfull**
